

Getting Every Bottle Back in the Wasatch Integrated Waste Management District

America's beverage companies — The Coca-Cola Company, Keurig Dr Pepper and PepsiCo — are working together to ensure our valuable plastic bottles and aluminum cans are collected, so they can be remade into new products.

Through our **Every Bottle Back** initiative, we're working with Closed Loop Partners and The Recycling Partnership in communities across the country to leverage the equivalent of nearly half-a-billion dollars to improve recycling infrastructure, access and education.
