

Getting Every Bottle Back in Kingman, Arizona

America's beverage companies — The Coca-Cola Company, Keurig Dr Pepper and PepsiCo — are working together to ensure our valuable plastic bottles and aluminum cans are collected, so they can be remade into new products.

Through our **Every Bottle Back** initiative, we're working with Closed Loop Partners and The Recycling Partnership in communities across the country to leverage the equivalent of nearly half-a-billion dollars to improve recycling infrastructure, access and education.

Our Investment in Action

→ Expanded Recycling Access

We expanded recycling access in the City of Kingman, supporting the opening of a new drop-off recycling center. The center will provide residents of Kingman and Mohave County with a convenient location to recycle.

→ Improving Drop-Off Infrastructure

The brand new recycling center is making it easier for families to recycle valuable materials, increasing the amount of materials being remade.
