

# Getting Every Bottle Back® in Miami-Dade County, Florida

America's beverage companies — The Coca-Cola Company, Keurig Dr Pepper and PepsiCo — are working together to ensure our valuable plastic bottles and aluminum cans are collected, so they can be remade into new products.

Through our **Every Bottle Back®** initiative, we're working with Closed Loop Partners and The Recycling Partnership to leverage the equivalent of nearly half-a-billion dollars to improve recycling infrastructure, access and education.

## Our Investment in Action

### ➔ Reducing Recycling Contamination

We're supporting the introduction of new smart technology, which will help identify contaminants in the recycling stream and educate residents on how to improve their recycling habits, to support more materials being remade.

### ➔ Investing in Community Education

Our investment will support a robust community engagement program to educate residents and ensure they have what they need to recycle properly.
