

Our Commitment to Get Every Bottle Back® in Arizona

America's beverage companies — The Coca-Cola Company, Keurig Dr Pepper and PepsiCo — are working together to ensure our valuable plastic bottles and aluminum cans are collected, so they can be remade into new products.

We've committed \$100 million to improve recycling infrastructure, access and education in communities across the country where we can have the greatest impact. By partnering with The Recycling Partnership and Closed Loop Partners, we're leveraging our investment into \$400 million to support local recycling efforts.

EveryBottleBack.org/Arizona

\$397K+

provided across
3 local projects

2.1M

more pounds of PET
plastic expected to be
recycled over 10 years

198K

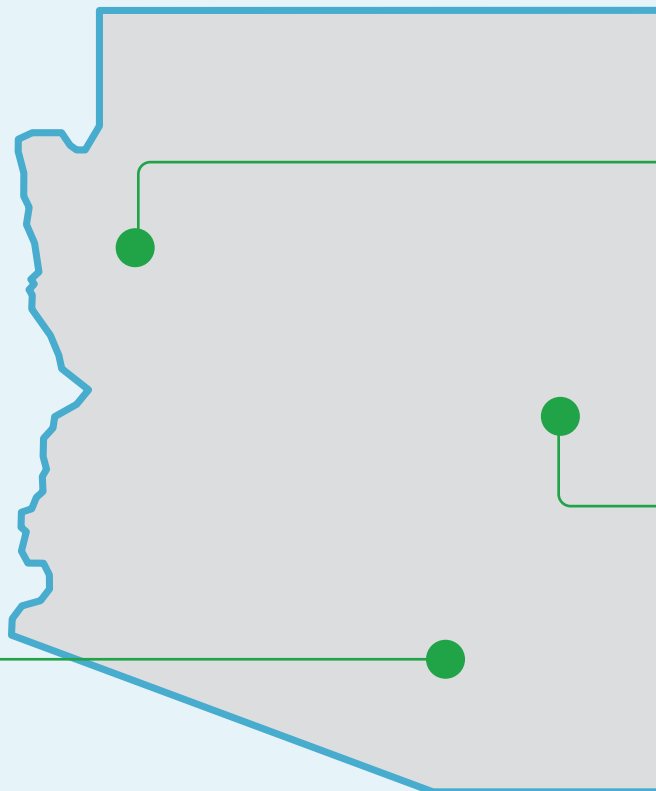

Arizona residents with
expanded recycling
access

202K

more pounds of aluminum
expected to be recycled
over 10 years

Project Type:

- Collection

Sahuarita wanted to improve recycling infrastructure. Our \$97,400 investment provided new recycling carts and education to 14,500 households, keeping an estimated 1.7M pounds of PET plastic out of the landfill or environment.

Kingman needed to improve recycling rates and community access. Our \$50,000 investment through the Arizona Department of Environmental Quality supported the opening of a new recycling drop-off center, increasing accessibility and improving the chance of materials being remade.

Pinetop-Lakeside was looking to improve recycling access for surrounding communities. Our \$100,000 investment through the Arizona Department of Environmental Quality made it possible to expand access to the staffed drop-off site to neighboring communities.
