

Getting Every Bottle Back[®] in Levy County, Florida

America's beverage companies — The Coca-Cola Company, Keurig Dr Pepper and PepsiCo — are working together to ensure our valuable plastic bottles and aluminum cans are collected, so they can be remade into new products.

Through our **Every Bottle Back[®]** initiative, we're working with Closed Loop Partners and The Recycling Partnership to leverage the equivalent of nearly half-a-billion dollars to improve recycling infrastructure, access and education.

Our Investment in Action

- ➔ **Improving Recycling Efficiency and Capacity**
With a new permanent drop-off location, the county will make it easier for residents to recycle. We're supporting that growth by funding five new large recycling containers that will help transport and sort recyclables more efficiently.
- ➔ **Educating Residents About Recycling**
We're educating over 55,000 residents on recycling best practices to reduce waste from entering the recycling stream and increase the likelihood of materials being remade.

\$130K
to improve recycling
